

PROMOTING EDUCATIONAL SUCCESS FOR FOSTER YOUTH

“Our Community, Our Children” Foster/Adopt Recruitment Campaign

San Francisco Unified School District’s (SFUSD) Foster Youth Services (FYS) program is excited about a new collaboration that began this year with SFUSD, the Human Services Agency and Foster Family Agencies in San Francisco. Our goal is to increase school stability for our San Francisco foster youth through reaching out to four targeted school sites and their communities. The district community as a whole is committed to recruiting permanent supports for identified youth. It is a proven fact that youth in stable homes do better in school.

How You Can Help
