Yes to Candy

(A)

I think that kids at Harvey milk should be able to eat candy at school if we don't bring a lot. It wouldn't be fair because our family let us bring it. If the teacher took away my things I would be mad and upset.

If they don't want us to eat it outside then we'll eat it at lunch.

I think they shouldn't ban candy because kids hardly bring it. Sometimes the teachers have candy. So if kids can't teachers can't.

I think that kids shouldn't try to take over like try to bring it for lunch, but keep it at a limit. I think candy should be aloud at school.

Great Persuasion.

To Ban Junk Food

Why should we ban junk food? There are a lot of reasons why we should! One of them is that you could get sick. You could die at a young age. If you eat too much you could get cavities. You could also be overweight. You wouldn't be able to exercise because you would get tired easily.

If you eat a lot of junk food you could get worms in your stomach. You might go to the hospital a lot if you eat a lot of junk food. If you get sick you will be at home in your bed. You might not be smart. If you don't go to school because you're sick, you won't get your education. We should all eat food like vegetables and fruits to live healthier and longer.

Junk Food

Do you think we should ban junk food? I don't. I don't think we should ban junk food because it taste really good. It also gives kids energy. If we don't eat it, we will go crazy. It's okay for us to eat it sometimes.

Junk food is sometimes good for people. Junk food can satisfy kids and adults hunger. Sometimes it taste better when your sad or angry.

Kid would go crazy without it than with it. Kid like it because it is sweet and sour.

I don't think it is smart. Please don't do it. Do you think we should ban Junk food?

You should be a lawyer!

Great Reasoning!

I think schools should keep junk food. Junk food may be bad for them, but kids love it. Kids should eat healthier, but kids should still be allowed to eat a little bit of junk food since they like it. If they were only eating healthy foods they would be miserable. Kids get enough good food at home that their parents make them eat. At school we need to be happy and to do that we should get a little bit of the stuff we like.

Yes, my little fault.

In my class kids get to go to Spikes if they get enough points for being good. So junk food can be used to reward kids who do good in class. If kids ate more junk food they would get fat, but it would encourage them to exercise since they don't want to be fat. It could also be used to compare foods. You could take some chips and compare the nutrients with an apple.

If you completely ban something it will only make people want it even more than ever. Also, some food like chips have some nutrition in them like potato chips, they have some protein because they are

A lot of people are still going to eat Junk food. What's so bad about potato chips? Only 1 gram of fat wow! What's so bad about fruit? I have 8 cavities, so I just go to the dentist. What's bad about soda? sugar is going to be in your until you die!

Ban candy, who made that dumb rule? Don't you like sweet tarts, Nerds, Twinkles, Hostess cakes, cookies, Fundip, and Oreos? Don't ever ban Junk food!

Great
Reasoning!

HMCRA should ban junk food because the fifth graders have to be fit for the fitness gram test. If we ban junk food it will help us be healthy. It will give us energy for the whole day.

We will play better and help us grow more. We can help everybody stay fit for their health. It will help little kids too. I'm staying fit.

All stuff is bad for you like hot chips, candy, ice cream, fruit snacks, and all other stuff. I still eat that stuff but not all the time like I used to. That's why we should ban junk food.
