

SHPD ExCEL After School Programs ensure that over 8,000 children are safe and supervised during the hours between 3 and 6pm. Through the coordinated efforts of city and community agencies, SHPD ExCEL ASP is making a difference. Students participating in SHPD ExCEL After School Programs have demonstrated increased achievement that includes*:

- Significant Increases In California Standards Test Math and Reading Scores
- 67% of elementary students and 75% of middle school students reported the ASP helped them become better students
- 80% of participating students improved classroom participation
- 74% of participating students improved classroom behavior
- 78% of participating students demonstrated improved social skills
- 95% of SHPD ExCEL students had higher attendance levels, leading to increased opportunities to provide educational support during the regular school day and during the after school programs.

After School Programs

What are ExCEL After School Programs?

ExCEL After School Programs are funded by California's After School Education and Safety, 21st Century Community Learning Centers, and 21st Century ASSETS grants and are enhanced by almost 5 million dollars of in-kind and cash contributions from local funders and community agencies.

The after school programs provide a safe place for students to go after school and focus on the following program components:

- Academic Support :** Students study subjects such as writing, reading, math, science, social studies, and computers. In addition, high school ASSETS programs focus on college preparation, job readiness and support with the California High School Exit Exam.
- Recreation :** Students participate in structured physical activity, intramural sports, dance and aerobics.
- Enrichment :** Students participate in classes such as life skills, arts, cooking and music.

* 2004-05 SFUSD ASES Evaluation, Ingrid Roberson

School Health Programs Department Mission

To ensure the academic, physical, and emotional growth of San Francisco's children and youth by assisting school sites in building their capacity to meet the needs of the whole child.

ExCEL After School Program Mission

To create and sustain "safe havens" at public schools where students and community members can access expanded learning opportunities and integrated education, health, social service, and cultural programs in the out-of-school hours.

ExCEL After School Program 2007-08 Priorities:

- ★ Promote positive school climate with a focus on building caring relationships, high expectations, and meaningful participation
- ★ Provide resources to increase academic achievement
- ★ Improve access to quality enrichment and recreation programs
- ★ Support the implementation of best practices and resources into all programs
- ★ Develop community based partnerships and advance sustainability
