Description	<p>Mentoring is a structured, consistent and purposeful relationship between a young person and a caring adult who provides acceptance, support, encouragement, guidance and concrete assistance to promote healthy youth development and student success. Mentoring For Success (MFS) is starting its 11th school year this fall! We are thrilled to share that over 500 adults have already gotten started building positive and intentional relationships with young people across the district. The 2017-2018 school year was amazing, and we are very grateful to everyone who contributed their time and support to our students! Check out our Fall newsletter for more information on our program and the benefits of mentoring!</p>
