

Elementary School District Nurses

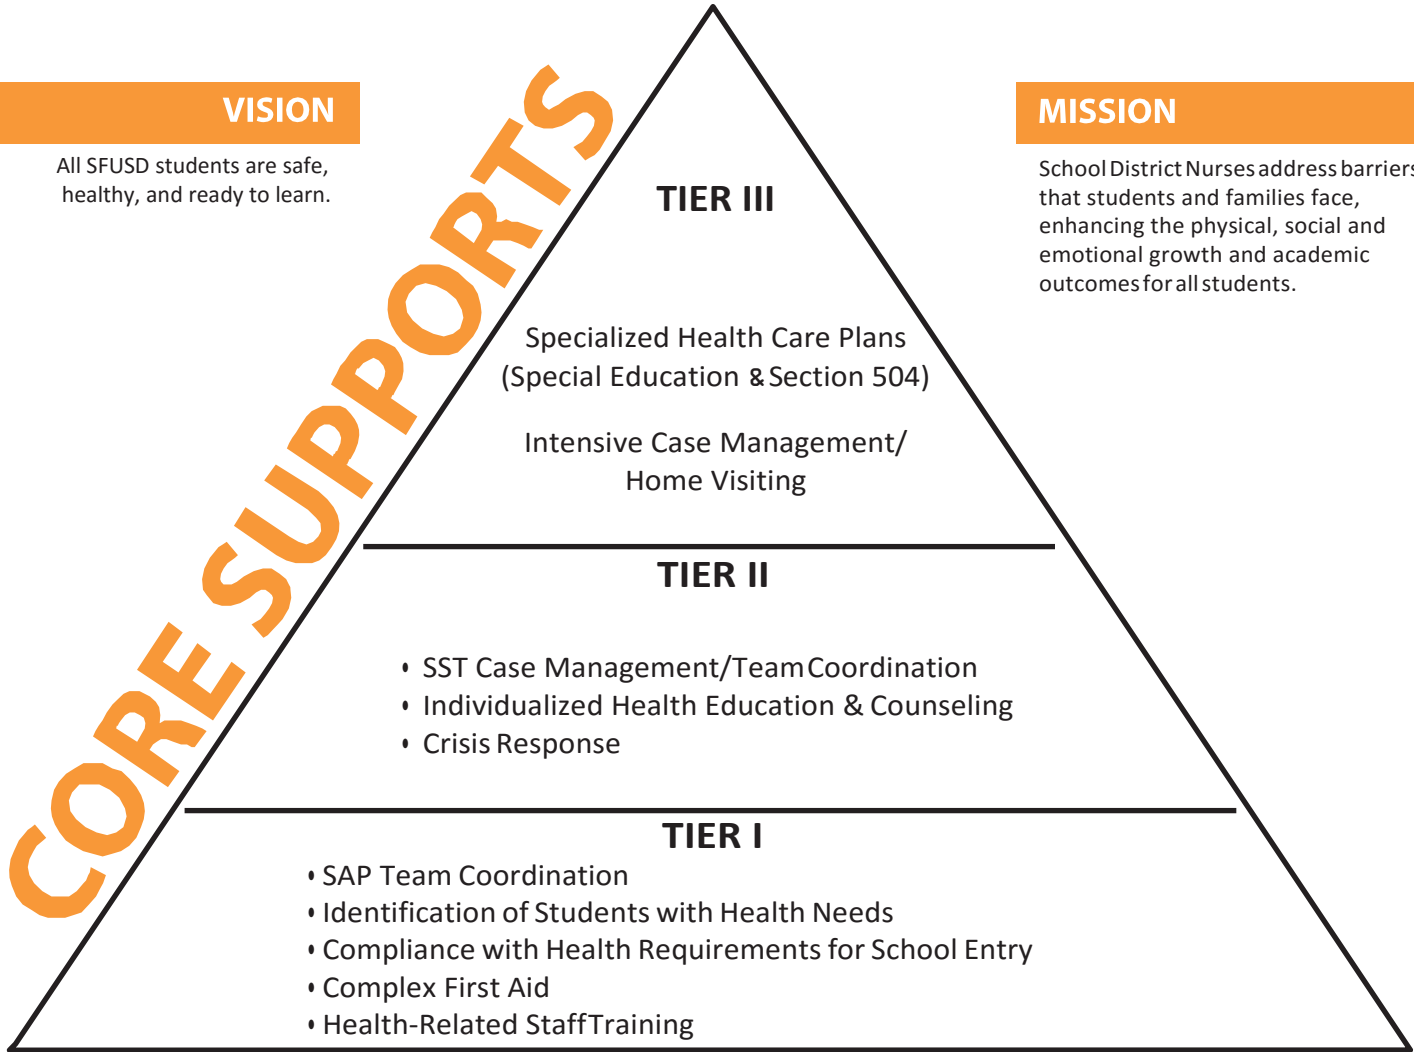

School Health Programs • 1515 Quintara Street, San Francisco, CA 94116 • 415-242-2615 • healthiersf.org

VISION

All SFUSD students are safe, healthy, and ready to learn.

MISSION

School District Nurses address barriers that students and families face, enhancing the physical, social and emotional growth and academic outcomes for all students.

GOALS

ACCESS AND EQUITY: INCREASE ACCESS TO SCHOOL BASED AND COMMUNITY BASED MENTAL HEALTH SUPPORTS AND SERVICES

As measured by, The number of students receiving health and nursing services at school.

The number of students referred to community-based health care services.

ACHIEVEMENT: IMPROVE STUDENT ATTENDANCE

As measured by, Improved attendance and increased instructional time for students receiving school nursing services and support.

ACCOUNTABILITY: COMPLIANCE WITH FEDERAL AND STATE HEALTH-RELATED MANDATES

The number of students who are referred for Special Education evaluation getting vision and hearing screenings.

The number of students with serious chronic health conditions having individualized care plans at school.

The number of student compliant with health requirements for school entry (immunizations, physical exam and TB screening).
